Your Love Story Illuminated

Light. Love.

Your Story in the Stars

Imagine the finale of your day ending with a spectacular display of light, colour, music, and narration personalised to your story.

Breathtaking, spectacular and simply unforgettable, Lumina elevates your Wedding beyond anything your guests have ever experienced.

Your names written in the stars, your proposal, moments from your past and future; we craft your story in light and sound, above the beautiful glowing backdrop of your venue.

A memory no one will ever forget.

Timeless Romance.

Reinvented

Each Lumina show is a precision-orchestrated ballet of illuminated drones, moving in perfect harmony.

Guided by 3D animation and music, they create stunning imagery - hearts, initials, silhouettes, or bespoke designs that celebrate your unique story.

Silent, smoke-free, and sustainable, Lumina's displays are the modern evolution of fireworks - an eco-friendly experience that delights guests of all ages, and one that can be uniquely yours.
